

Island Breeze

Yeah Mon, feel the cool breeze and hear the sounds of the steel drums. Relax. Enjoy. We only go this way once. That's why our island party offers the finest food from the tropics, drinks of fruit and rum, and a chance to limbo bare footed. Come to the party!

Surf side chicken-tender white chicken combined with dried plums and pineapple and baked with a honey lemon sauce. A favorite at the "Queen of Beans Café" in Trinidad.

Pot "O" Beans-white and Cuban black beans mixed with sliced fresh mango and seasoned with brown sugar and island spices served with fluffy long grain rice.

Hawaiian pork-lean pork tenderloin rolled in herbs and spices, roasted slow and sliced to order by our chef.

Bread of the tropics-toasted coconut and banana, exciting flavors trapped in each large square of this unique bread.

Island rum punch-light rum and passion fruit juice quench the thirst and relax the mind.

Lemonade-cool and refreshing served over cracked ice.

Aloha dessert-a wonderful display of picked tropical fruits and melons served with lemon sorbet.
